CALCULATING YOUR BILL

- Subtract the Previous Reading from the Present Reading. A multiplier is used (generally, 100) to calculate Usage. $(7163-7037=126 \times 100=12600)$
- Water Usage is charged at \$2.99 per 1000 gallons of usage $(12600/1000=12.6 \times 2.99=\$37.67)$
- Sewer Usage is charged at \$14.74 per 1000 gallons of usage $(12600/1000=12.6 \times 14.74=\$185.72)$
- Water Service Charge, Fire Protection and Sewer Service Charge are flat charges totaling \$89.64.
- There are two Storm Water Utilities in the Village with varying charges depending on building type.
- The penalty included in the Pay After Due Date is calculated as follows:
 - 3% Water Penalty=Water Usage+Water Service Charge+Fire Protection $(37.67+30.89+24.83=93.39) \times .03 = \2.80
 - 10% Sewer Penalty=Sewer Usage+Sewer Service Charge $(185.72+33.92=219.64) \times .1 = \21.96
 - Total Penalty = 3% Water Penalty + 10% Sewer Penalty $(2.80+21.96) = \$24.77$
 - Total Penalty = Pay After Due Date – Total Amount Due $(337.80-313.03) = \$24.77$

Payments must be received at the Village of Kewaskum Municipal Building by 4:30 p.m. on the 20th of the month due to avoid penalties being assessed.
